

# Abhishek

## CAREER OBJECTIVES

To utilize my engineering knowledge gained in university and enhance my professional skills in dynamic and innovative workspace in career.

## EDUCATIONAL QUALIFICATIONS

| Year | Course           | Name Of Board/University       | Percentage/CGPA               |
|------|------------------|--------------------------------|-------------------------------|
| 2019 | B.E (C.S.E)      | Chandigarh University, Gharuan | 8.4(upto 6 <sup>th</sup> sem) |
| 2015 | 12 <sup>th</sup> | C.B.S.E.                       | 89%                           |
| 2013 | 10 <sup>th</sup> | C.B.S.E.                       | 10 CGPA                       |

## SOFTWARE COMPETENCIES

- Environment : Microsoft Windows XP/7/8/10, Linux.
- Languages : Core Java.
- Others: HTML, CSS, JQuery, p5.js, Node.js.
- Database Languages: Mysql.
- Office Suite : Microsoft office.
- Basic Knowledge Of Data Structure.

## PROJECTS UNDERTAKEN

|                                              |   |                                                                                                                                                                 |
|----------------------------------------------|---|-----------------------------------------------------------------------------------------------------------------------------------------------------------------|
| 1. Project Name: <b>Social Media System.</b> |   |                                                                                                                                                                 |
| Environment                                  | : | Web Application                                                                                                                                                 |

| Term                                 | : | June-July 2017                                                                                                                                                  |
| Training Description                 | : | Completed 6 week training of Web Designing and Web Development.                                                                                                 |
| Project Description                  | : | A social networking site to communicate with friends and family, a platform to make friends share events of the day, photos, chat, and manage personal gallery. |

#### INTERPERSONAL SKILLS

- Disciplined, dedicated and hardworking with an ability to easily adapt to changing work environments and technologies.
- Good Communication Skills.
- Willing to adapt to new challenges
- Leadership Quality
- Good team working ability.

#### SPECIAL ACHIEVEMENTS

- Got 1<sup>st</sup> Position in the Inter School Working Project Model Competition.
- Getting a **rank holder position** throughout my schooling and university career.

## HOBBIES/INTERESTS

- Writing Quotes And Poetry.
- Dancing.
- Watching Stand-up comedy videos on YouTube.
- Listening music Generally Acoustic.
- Playing Video Games.

## Personal Information

**Father's Name** : Mr. Ramesh Kumar  
**Date of Birth** : 15 October 1997  
**Address** : Old Sabzi Mandi Near Laxmi Palace, Pathankot (Punjab).  
**Language Proficiency** : English, Hindi, Punjabi

## DECLARATION

I do here by declare that the above information is true to the best of my knowledge.
